

Thank you

Kempsey is well on its way to becoming a flood-defended village thanks to your support

The Regional Flood Defence Committee (RFDC) has voted to fund the flood defence scheme designed for Kempsey by the Environment Agency. The bund could protect hundreds of villagers from the misery of repeated flooding. Thank you to everyone who signed petitions, gave money to become Friends of FLAG or attended one of our many events. Your support really helped to boost the profile of Kempsey's case and to achieve this great result. We would also like to thank all the businesses that supported the campaign.

What we did

500+ people attended FLAG events, such as Bund Aid, pub quizzes and the Garden Walkabout. 1,137 people signed petitions and our Facebook group has 324 members

£110,586 raised

£5,586 FLAG events and donations

£100,000 Worcestershire County Council

£5,000 Kempsey Parish Council

What's next?

The plans for the flood alleviation scheme will now be finalised. We will arrange a meeting for villagers to view these final plans and hope that building work will start this year. John Barnett from FLAG will sit on the Environment Agency project group, but we need a deputy to support him. Please contact Joy Oram on 01905 828197 if you would like to volunteer.
